Subject RE: Facility Review

Aaron,

I have gotten one reply from Jim and he will be there, if I call him a few days in advance. So I will call him. Leon has not responded yet, but Jim and Tom are the important ones. What time would Dave like to meet and what is his contact information?

Thanks,

Brenda Stein P.E., M.B.A.

Subject: Facility Review

Brenda:

EPA would like to send one of our contractors out to Pineview Estates to conduct an independent review of the wastewater systems at the site. The contractor's name is Dave Wallis and he works for RCAC (Rural Community Assistance Corporation). As the Pineview permit is coming up for renewal, EPA believes that Dave's review of the systems, and any follow-up recommendations he may have, should be considered prior to re-issuance of the permit. He would probably take about 4-6 hours to conduct a thorough review of the systems. I think that it would be very helpful to have either Jim or Tom Robinson on site, for at least part of the time, to answer Qs and explain operations at the site.

David would like to conduct his inspection on Wednesday June 3rd. Please coordinate with PTP and the Robinson's with regard to Dave's proposed visit. Also, please let me know if this date does not work for PTP and/or the Robinson's so that we may reschedule. Thanks, Aaron
